Robert F. Otnisky, Ed.D.

Interim Superintendent of Schools

March 18, 2011

Dear Parents and Members of the Little Falls Community

It is a high priority in the Little Falls School District that our Professional Staff is dedicated to a continuous plan of Professional Development. Our staff believes that effective educators are life- long learners and that professional development must be an on-going process.

Because we further believe that community involvement is an integral part of a successful school district, we are seeking parent and community input into future professional development for our school district.

Please find attached a survey sheet that we are asking you to complete indicating the areas you feel our district should focus on in the upcoming year that would be beneficial to our students and should be considered by our Professional Development Committee. **Please return this form to your child's teacher by Monday, March 28, 2011.**

All suggestions will be considered in the planning process to develop our Professional Development Plans for the 2011-2012 School Year.

Should you have any questions, please feel free to contact your child's building principal. Thank you for your continued cooperation in our attempts to enhance the quality of our School District.

Sincerely yours,

Robert F. Otnisky, Ed.D.
Interim Superintendent of Schools
